Skill level – Intermediate

Size – 2 ½" X 8" tall, oval

Students bring to class – small container for water, shears and small, sharp scissors for thread, 3 clothespins, awl.

Cost - \$70 plus shipping

Class description – This basket is so unique...woven on a wood base around a plastic mold that will remain in the basket upon completion; students will weave with waxed linen and cane. Then students will make choices among a wide variety of yarns to weave a soft landscape. Various colors of wire will also enhance the basket. Cane and a unique rim lashing will complete the basket.... So enjoyable to weave!

I Remember

by Dani Sue Anderson

Skill Level - Beginner

Size - 6" tall X 7" diameter

Students bring to class – container for water, shears and clips/clothespins

Cost - \$50 includes kit, shipping and class

This basket design was inspired by [Lauren Daigle](#)'s song "Remember." It's lyrics invite us to remember to hope even "in the darkest hour, when I cannot breathe... when I wonder if I'm all alone." The dark blue and black colors of this basket are no match for the rays of hope represented by the strand of fairy lights that illuminate this basket. Uses 6" round wooden base, arrow twining and an awareness ribbon rim.

Seasonal Bowl

by Linda Scherz

3" base x 4 1/2" top D x 3"H

Designed for KBA 2020 on line class. This is a great basket to step into on line learning and great for upcoming holidays. Students will glue pre-cut spokes into the base after receiving kit in the mail. This will allow us to start weaving right away on class day. The design is triple twined with three colors of cotton cord, a seasonal ribbon and finished with a folded rim. Learn Linda's technique for completing a row and setting up for the next row as well as triple twining, spiral and stacking patterns, shaping and a folded matchstick rim. Students will have a choice of Fall or Winter/Christmas color themes.

Tools

Small scissors, waxed linen or small packing tool (helpful for rim), approximately 5 small clothespins or micro clips, tape measure, optional personal light

Cost - \$50.00 includes kit, shipping and class
